

## **Upcoming seminars: January 2018**

## Location: Jozef Schell seminar room

Tuesday	Prof Paul Larsen
January 9, 2018	
January 5, 2018	University of California
	USA
11	
11 am	"Exploring the link between aluminum toxicity and DNA damage in
	<u>Arabidopsis"</u>
	&
	Prof Arp Schnittger
	Univeristy of Hamburg
	GERMANY
11:40 am	"Aluminum induces DNA damage that requires homologous recombination
	for repair"
	Invited by Prof Dirk Inzé and Prof Lieven De Veylder
	Prof Klaus Grasser
Wednesday	
January 10, 2018	Department of Cell Biology and Plant Biochemistry
······································	University of Regensburg
4 pm	GERMANY
- 6	"The elemention where of DNA achieveness literance in Archidensis
	<u>"The elongation phase of RNA polymerase II transcription in Arabidopsis</u>
	and its coordination with co-transcriptional processes"
	Invited by Prof Dirk Inzé and Prof Mieke Van Lijsebettens
	Dr Miguel Moreno Risueño
Thursday	
January 18, 2018	Center for Plant Biotechnology and Genomics
	Pozuelo de Alarcón SPAIN
11 am	
	Title to be announced
	Invited by Prof Dirk Inzé and Prof Tom Beeckman

	Prof Bruno Cammue
Thursday	
, January 25, 2018	Faculty Bioscience Engineering
Januar y 23, 2010	University of Leuven (KU Leuven)
	Centre of Microbial and Plant Genetics
11 am	Dep. Microbial & Molecular Systems
	Leuven
	BELGIUM
	VIB-UGent Center for Plant Systems Biology
	Ghent
	BELGIUM
	Title to be announced
	Invited by Prof Dirk Inzé
