

BioSB course

Constraint-Based Modeling: Introduction and Advanced Topics

***Explore computational modeling of
genome-scale metabolic networks with
applications spanning biotechnology,
microbiology and systems biomedicine***

February 1-5, 2027

Maastricht, the Netherlands

edu.nl/wevpg

Registration

- Early bird registration until:
December 7, 2026
- Starting at € 400,-

Also coming up

**Dynamic Modeling in Systems
Biology**

December 7-11, 2026

Wageningen
