BioSB 2024

Bioinformatics & Systems Biology Conference 2024

18-19 June, Hotel Zuiderduin, Egmond aan Zee

Be fast and register here

Call for abstracts

The call for abstract for a poster or demo presentation is still open until the 17th of May! Want to be one of the 100 poster presenters! We cordially welcome submissions on a wide variety of topics in systems biology, bioinformatics, and biostatistics. Find all information on abstract submission here.

Special attention: the demonstration sessions

A demonstration session showcases the **multitude of tools and computational pipelines** developed and used in the fields of **systems biology and bioinformatics**. Presentations are expected to be 10-15 mins. This parallel session is open for both academic as well as industrial submissions. We envision a session that highlights the diverse content that the community is working on. Examples of submissions that would fit the demonstration session are:

- Live demonstration of a software
- Presentation on a visualisation, data processing, computational pipelines or related tool
- Introduction of new datasets, data standards, or benchmark tasks
- New software packages .

Submission deadlines

- Poster presentations: 17th of May
- Demo presentations: 17th of May

Submit your abstract to EasyChair

Young Investigator Award 2024

BioSB yearly presents an award at the BioSB conference for a young researcher who has significantly contributed to the bioinformatics or the systems biology research community in the Netherlands.

This year the Young Investigator Award committee 2024 chose **Elleke Tissink** as the winner of the BioSB Young Investigator Award 2024.

Elleke Tissink defended her doctoral thesis "United efforts: combining neuroimaging and genetics to unravel the human brain" in September 2023 and is currently working at the Netherlands Institute for Neuroscience as a post-doctoral researcher. Elleke will receive the YIA2024 on the 18th of June at 15:30, after which she will give an honorary lecture. Read more ...

4 Keynote speakers

We are happy to announce the 4 keynotes of BioSB 2024!
Find the conference programme here.
Looking forward to diverse Systems Biology and Bioinformatic lectures!

From left to right:

- Jan Hasenauer, University of Bonn, DE
- Maria Brbic, École polytechnique fédérale de Lausanne (EPFL), CH
- Renske Vroomans, Sainsbury Laboratory, University of Cambridge, UK
- Mohammed El-Kebir, University of Illinois at Urbana-Champaign, US

In addition, the conference programme will also have

- An educational session
- Parallel sessions from selected abstracts
- A "*From Academia to Industry*" session
- Demo sessions
- Poster presentations
- Network breaks, conference dinner & social evening programme

PhD retreat 2024 on June 17

YoungCB (ISCB Regional Student Group Netherlands) is excited to announce the **annual BioSB PhD retreat** in the **afternoon (and evening) of June 17** preceding the BioSB

conference, at Hotel Zuiderduin in Egmont aan Zee!

Open to all PhD's, master students and young scientists in the field of bioinformatics and systems biology. The retreat is designed to facilitate connecting with fellow colleagues while providing informative sessions.

It is not all about work - after the sessions, we'll be **hosting a round of bowling** and **dinner** to give you a chance to **relax** and **connect with your peers** even more.

Find soon more information on the **BioSB PhD retreat 2024** site,

Impressions from BioSB PhD retreat 2023

Dinner & social event on June 18!

Proud to announce that the conference dinner will be at Nautilus aan Zee, a beautiful location on the beach and just a 100-metre walk from the conference venue!
Don't forget to buy a dinner ticket (45 €) before the start of the conference. The dinner ticket includes the **dinner, drinks & social event at Nautilus aan Zee**. After the dinner you are welcome to join the **social event** which will be a pubquiz at the same location, organized by the YoungCB.
You are welcome at Nautilus aan Zee from19:30-23:45. More information will follow soon.

Sponsor opportunities

Would you like to be visible at our conference? We invite you to present your company to our diverse scientific public. We offer a number of attractive sponsorship packages, as well as exhibit space, but also custom made packages can be discussed.
Find our sponsor & exhibitor packages here.

For questions concerning sponsorsip, please contact Petra Aarnoutse.

About

The 10th edition of the Dutch Bioinformatics & Systems Biology conference (BioSB 2024) will be organised on June 18-19 2024 at Hotel Zuiderduin, Egmond aan Zee, the Netherlands.

BioSB 2024 discusses the latest developments in bioinformatics, systems and computational biology and interrelated disciplines, and their wide-ranging applications in life sciences & health, agriculture, food & nutrition.

Subscribe to the BioSB Newsletter to stay up to date about the conference.

You can also follow us on Twitter: #BioSB2024 and LinkedIn

Visit the conference website

Organized by

The conference is organized by the BioSB research school together with TU Delft and ELIXIR-NL. BioSB2024 is empowered by Health-RI & TDCC-LSH.
