

## INTERNSHIPS: BIO-INFORMATICS / PROTEIN ENGINEERING / BIO-STATISTICS

On a regular basis we have opportunities for internships in the Delft-based bioinformatics group for M.Sc. students in Bioinformatics, Metabolic engineering, Protein engineering, Genomics, Synthetic Biology or Biostatistics. We apply these technologies to microbial and fungal strain engineering, bio-process and bio-product development in the areas of food, feed, pharma, biofuels and bio-based products. If you are interested in a 5-8 month period at DSM, please send your CV and a motivation letter to: [marco.groot-de@dsm.com](mailto:marco.groot-de@dsm.com)

## DSM - Life Sciences & Materials Sciences Company

DSM creates innovative products and services in Life Sciences and Materials Sciences that contribute to the quality of life. DSM's products and services are used globally in a wide range of markets and applications, supporting a healthier, more sustainable and more enjoyable way of life. End markets include human and animal nutrition and health, personal care, pharmaceuticals, automotive, coatings and paint, electrics and electronics, life protection and housing. DSM has annual sales of almost EUR 8.8 billion and employs some 23,000 people worldwide.
