

Sustainable agriculture for an innovative economy

Opportunities for Brazil and Belgium

Symposium 7 October 2011, Ghent, Belgium

Collaborations between Brazil and Belgium in biotech

IPBO, founded by biotech pioneer Marc Van Montagu, is organizing a symposium to foster cooperation between Belgium and Brazil in biotech. Representatives from research organizations and companies from both countries will present case studies and opportunities for collaboration. The symposium will be concluded with a panel discussion between scientists from the major Belgian universities.

Introduction: Paul Van Cauwenberge (UGent), Rudy Dekeyser (VIB), H.E. André Amado (Brazilian Ambassador to Belgium)

Speakers from Embrapa LabEx Europe, UGent, Vale Technological Institute, KULeuven, CENPES-Petrobras, Quinvita, Braskem, CAPES

Date & location: 7 October 2011, 9:30 AM - Oude Vismijn, St. Veerleplein 5, 9000 Ghent, Belgium

Info and registration: www.vib.be/brazil-belgium-biotech
